

Same-Day Surgery 2003 Index

Accreditation

All in the details: Tracer method looks for thorough notes, OCT:SDS Accreditation Update Sup 1

Anesthesia monitoring requirements clarified, APR:SDS Accreditation Update Sup 2

Avoid the most common Type 1 recommendations: Learn to credential physicians, staff properly, JAN:SDS Accreditation Update Sup 1

Check LSC compliance with new publication, OCT:SDS Accreditation Update Sup 2

Focus on underreported infection-related events, APR:SDS Accreditation Update Sup 3

Impress surveyors with preparation, organization, JAN:SDS Accreditation Update Sup 4

JCAHO gives alternatives to patient safety goals, JUL:4

JCAHO indicators address clinical and HR issues, MAR:33

JCAHO posts 2004 standards, offers videos, AUG:94

Joint Commission revisits marking of surgical site, JUL:SDS Accreditation Update Sup 4

Keep track of staff license renewals, certifications, JAN:SDS Accreditation Update Sup 3

Legible, well-organized records aid compliance, OCT:SDS Accreditation Update Sup 4

On-line tool makes self-assessment easy to access, APR:SDS Accreditation Update Sup 1

Random unannounced survey topics identified, APR:SDS Accreditation Update Sup 4

Staffing standards require look at multiple indicators, MAR:32

Surprise! The team's here for your JCAHO survey, JUN:64

Surveyors interact more with staff and patients, OCT:3

Time-out is the key to correct surgical site ID, JUL:SDS Accreditation Update Sup 3

Use FMEA to find and fix problems before they happen, JUL:SDS Accreditation Update Sup 1

Where should you start? Read the standards, JAN:SDS Accreditation Update Sup 3

Anesthesia (Also see Pain Management)

Anesthesia monitoring requirements clarified, APR:SDS Accreditation Update Sup 2

Choice of anesthesia affects discharge time, OCT:116

Post Anesthesia Guidelines for Same-Day Surgery, MAY:Same-Day Surgery Reports Sup 1

Should patients with obstructive sleep apnea be handled as outpatients? NOV:121

Should RNs administer propofol? Providers stand on both sides of issue, OCT:109

Sleep apnea patients require special handling, NOV:124

Summary of Recommendations for Assessment and Monitoring, MAY:Sup

Summary of Recommendations for Discharge, MAY:Sup

Summary of Recovery and Discharge Criteria, MAY:Sup

With newer drugs, should patients wait 24 hours to drive, use machinery? AUG:85

Cost Containment (Also see Finances and Medicare)

Want content surgeons? Try efficiency benchmarks, AUG:89

Disaster Preparedness/Bioterrorism

Formularies list supplies needed for disasters, NOV:129

Sniper, terrorist threats teach lesson to SDS managers: Be prepared, JAN:1

Documentation/Forms/Policies/Protocols

All in the details: Tracer method looks for thorough notes, OCT:SDS Accreditation Update Sup 1

Documentation errors are easy to avoid and correct, AUG:88

Legible, well-organized records aid compliance, OCT:SDS Accreditation Update Sup 4

Equipment/Supplies

Antimicrobial suture cuts surgical site infections, MAR:34

Before buying equipment, get surgeons' commitment, SEP:106

Bronchoscopes suspected after infection outbreak, APR:46

Ensure equipment isn't left inside patients or face headlines, litigation, JUL:73

Gynecare surgical gel removed from market, JUN:71

Q&A for Patients and Families (contaminated bronchoscopes) APR:Sup

Retained instruments: Rare error or safety concern? APR:Patient Safety Alert Sup 1

Survey targets open but unused devices — Read alerts: Send supplies to third-world countries, MAR:35

Extended Recovery Care

Findings debated from specialty hospital report, DEC:141

Finances (Also see Cost Containment and Medicare)

Do you understand the dynamics of cash flow? JAN:6

State web sites feature average outpatient charges, NOV:131

You'll need your subscriber number. Your user name has been preset as your subscriber number on your mailing label. Your password is sds in small letters, then your subscriber number again (no spaces). Nonsubscribers can get back issues at www.ahcpub.com. Click on "E-solutions," and under "AHC Online," click on "Online Activation." Or contact customer service at P.O. Box 740060, Atlanta, GA 30374. Telephone: (800) 688-2421 or (404) 262-7436. Fax: (800) 284-3291 or (404) 262-7837. E-mail: customerservice@ahcpub.com.

Freestanding Centers

Additions to the ASC list *finally* out — centers have reason to celebrate, MAY:49
Hospital vs. freestanding: Which setting is the best? MAY:53
Medicare publishes hospital OPPS increase — ASC rates updated beginning Oct. 1, OCT:114
MedPAC makes 1 change to ASC payment report, MAY:58
MedPAC urges payment cuts for surgery centers, MAR:31

Hospital-Based Programs

HHS, hospital associations team up for patient safety, OCT:
Patient Safety Alert Sup 4
Hospital OPPS receives 4.5% rate increase, DEC:141
Hospital vs. freestanding: Which setting is the best? MAY:53
Medicare announced changes to OPPS, AUG:95
Medicare publishes hospital OPPS increase, OCT:114

Infection Control

Antimicrobial suture cuts surgical site infections, MAR:34
Be cautious with SARS, some patients need mask, DEC:142
Bronchoscopes suspected after infection outbreak, APR:46
CDC approves alcohol gels for pre-op hand cleaning, JAN:2
Cluster of lap cases show up in report: AUG:94
Examine your practices after large outpatient hepatitis C outbreak, MAR:25
FDA has no conclusion on scopes in bacteria cases, JUL:83
Focus on underreported infection-related events, APR:SDS
Accreditation Update Sup 3
Journal Review: Study shows hand-rubbing solution safe alternative, JAN:4
No one is immune: Outpatient surgery will feel impact of smallpox vaccine, FEB:13
Q&A for Patients and Families (contaminated bronchoscopes) APR:Sup
Recommendations (Excerpt) for surgical hand antisepsis and other aspects of hand hygiene, JAN:3

SARS audio program updates guidelines, DEC:142
Take steps to prevent spread of SARS cases, JUN:65
Web site lists devices for needle-stick safety, JAN:8
West Nile appears after surgical case, JAN:7

Laparoscopy/Colonoscopy/ Bronchoscopy/Endoscopy

\$19 million judgment highlights need to monitor for post-op complications, DEC:133
Bronchoscopes suspected after infection outbreak, APR:46
Cluster of lap cases show up in report: AUG:94
Evaluate bronchoscopy patients for SARS, MAY:49
FDA has no conclusion on scopes in bacteria cases, JUL:83
Follow-up study shows drop in colonoscopy times, FEB:32
New guideline for flexible GI scopes reprocessing, SEP:107
Q&A for Patients and Families (contaminated bronchoscopes) APR:Sup

Management (Also see Cost Containment, Disaster Preparedness/ Bioterrorism, Extended Recovery Care, Patient Satisfaction/Public Relations, Quality Improvement/ Quality Assurance, Regulation, Salary/Careers, and Staffing/Staff Satisfaction)

Don't blow productivity with too many meetings, MAR:30
Don't ignore the gorilla in the room: Poor morale, JUN:67
Do you really need that technology? Think first, NOV:125
Ensure your programs success in tough times, APR:41
Flying first class isn't always an option, DEC:139
Inventory system should include these features, JAN:10
Priorities: Safety, quality come before profitability, SEP:100
Productivity tips: Is 100% efficiency desirable? FEB:18
SDS managers share their biggest headaches, JUL:78
Take action now before drugs cause a tragedy at your facility: JUN:61

Tips on how to set limits on staff conduct, OCT:115
To use inventory system effectively, plan ahead, JAN:8
Want content surgeons? Try efficiency benchmarks, AUG:89
Your pressing questions on joint ventures, MAY:55

Medicare

Additions to ASC-Approved Procedures List (Excerpt), MAY:51
Additions to the ASC list *finally* out — centers have reason to celebrate, MAY:49
Deletions from List of ASC-Approved Procedures, MAY:52
Hospital OPPS receive 4.5% rate increase, DEC:141
Hospitals receive 3.8% rate increase, SEP:106
Medicare adopts 2000 Life Safety Code, MAR:32
Medicare announced changes to OPPS, AUG:95
Medicare publishes hospital OPPS increase — ASC rates updated beginning Oct. 1, OCT:114
MedPAC makes 1 change to ASC payment report, MAY:58
MedPAC urges payment cuts for surgery centers, MAR:31
Noncompliant transactions to be accepted by CMS, NOV:130
Surgery centers, hospitals could lose millions under OIG recommendations, APR:37
What's the reason for the long delay? MAY:51

New Procedures and Programs (Also see Laparoscopy/Colonoscopy/ Bronchoscopy/Endoscopy, Surgeons, and Technology)

As baby boomers age, vision disorders increase — Need for surgery and laser treatments to rise, FEB:19
Outpatient mastectomies are under fire again, DEC:137
Study shows tumescent liposuction safe, effective, MAY:56

Nurses

Code of conduct attracts and keeps nurses, APR:42

Everyone counts — or do they?
Study results are troubling,
JUL:76

Good managers are key to retention of experienced nurses,
NOV:1

Magnet facility enjoys low turnover, few open positions,
APR:44

Magnet status aids recruitment, retention, APR:43

Nurse loses license, must pay \$99,000 fine, APR:48

Should RNs administer propofol? Providers stand on both sides of issue, OCT:109

These 4 areas of counting puzzle nursing staff, JUL:75

Pain Management

Place anesthetic in wound during recovery to cut pain, DEC:135

Patient Safety: See Risk Management

Patient Satisfaction/Public Relations

Communication, pre-op visits reduce complaints, JUN:69

Hospital vs. freestanding: Which setting is best? Parking, waiting times challenge all programs, MAY:53

Just how old are your waiting room magazines? JUN:70

Waiting times are top improvement opportunities, JUN:68

Pediatrics

Over, under, around: Know where patients can go — Facility addresses pediatric safety concerns, FEB:20

Postoperative Care

Current concepts on reducing postoperative nausea and vomiting: FEB: *Same-Day Surgery Reports* Sup 1

Quality Assurance/Quality Improvement

Follow-up study shows drop in colonoscopy times, FEB:32

Regulation (Also see Infection control)

Are you ready for the Oct. 16 HIPAA deadline? OCT:118

Audio conference clarifies final EMTALA regulations, OCT:113

FDA has no conclusion on scopes in bacteria cases, JUL:83

Final EMTALA regulation retains exemption for off-campus sites, OCT:109

Findings debated from specialty hospital report, DEC:141

HIPAA Q&A (assessing reading for privacy requirements), MAR:33

HIPAA Q&A (business associates), JUL:82

HIPAA Q&A (deadline for compliance with rules, who must comply), FEB:17

HIPAA Q&A (organized health care arrangement, final security standards), APR:46

HIPAA Q&A (security rule requirements), AUG:92

HIPAA Q&A (security software/security rule, certification, trading partner agreement, electronic protected health information, personal health information), SEP:104

HIPAA Q&A (when patients protest; compliance with patient request, posting thank-you letters; and charts by the bedside), DEC:140

HIPAA quizzes test basics, NOV:129

If you make it fun, lessons will be remembered — Stuffed animals, prizes work for HIPAA education, NOV:127

Medicare adopts 2000 Life Safety Code, MAR:32

Sign up for update on EMTALA revisions, OCT:112

Surgery centers, hospitals could lose millions under OIG recommendations, APR:37

Survey targets open but unused devices, MAR:35

Risk Management/Medical Errors (Also see Infection Control)

\$19 million judgment highlights need to monitor for post-op complications, DEC:133

Adverse events associated with stent, DEC:143

AHRQ unveils web-based medical journal, APR: *Patient Safety Alert* Sup 4

Constructions brings opportunity to boost patient safety, JAN: *Patient Safety Alert* Sup 1

Ensure equipment isn't left inside patients or face headlines, litigation, JUL:73

Everyone counts — or do they? Study results are troubling, JUL:76

Four steps can reduce the risk of surgical fires, AUG:90

Free webcast targets wrong-site surgery, JUN:71

Gynecare surgical gel removed from market, JUN:71

HHS, hospital associations team up for patient safety, OCT: *Patient Safety Alert* Sup 4

Hospital safety initiative targets behavioral health unit, OCT: *Patient Safety Alert* Sup 1

How do employees act when drug-impaired? JUL:80

Joint Commission revisits marking of surgical site, JUL: *SDS Accreditation Update* Sup 4

Malpractice crisis: Some surgeons walk off the job, MAR:28

Nearly one-fourth of hospitals reuse SUDs, JAN:11

Organizations unveil patient safety road map, JUL: *Patient Safety Alert* Sup 1

Outpatient mastectomies are under fire again, DEC:137

Over, under, around: Know where patients can go — Facility addresses pediatric safety concerns, FEB:20

PA state legislature puts patient safety in spotlight, JUL: *Patient Safety Alert* Sup 2

Patient safety goals stress communication, SEP:104

Pfizer to bar code drugs to reduce dispensing errors, APR: *Patient Safety Alert* Sup 3

Protocol established for wrong-site surgery, SEP:107

Retained instruments: Rare error or safety concern? APR: *Patient Safety Alert* Sup 1

Safe practices will be the standard of care, JUL:81

Safety coaches address more than clinical issues, SEP:102

Safety rounds emphasize issues for all staff, SEP:103

Should RNs administer propofol?
 Providers stand on both sides of
 issue, OCT:109

Stop wrong-site surgery with a
 simple sticker, JAN:10

Study shows safety risks for chil-
 dren, value of tool, OCT:*Patient
 Safety Alert* Sup 3

Test interventions for improving
 safety, JAN: *Patient Safety Alert*
 Sup 3

These 4 areas of counting puzzle
 nursing staff, JUL:75

Time-out is the key to correct sur-
 gical site ID, JUL:SDS
Accreditation Update Sup 3

With newer drugs, should
 patients wait 24 hours to drive,
 use machinery? AUG:85

Salary/Career

Good managers are key to reten-
 tion of experienced nurses,
 NOV:Sup 1

Staff Education

HIPAA quizzes test basics,
 NOV:129

If you make it fun, lessons will
 be remembered, NOV:127

Staffing/Staff Satisfaction

Code of conduct attracts and
 keeps nurses, APR:42

Don't ignore the gorilla in the
 room: Poor morale, JUN:67

Effective staffing requires more
 than counting heads, FEB:15

Good managers are key to reten-
 tion of experienced nurses,
 NOV:1

How do employees act when
 drug-impaired? JUL:80

Keep morale high — hire the right
 people, JUL:77

Keep track of staff license
 renewals, certifications, JAN:
 SDS *Accreditation Update* Sup 3

Magnet facility enjoys low
 turnover, few open positions,
 APR:44

Magnet status aids recruitment,
 retention, APR:43

Media report surgeon horror sto-
 ries: Would you facility creden-
 tial them? SEP:97

Staffing standards require look at
 multiple indicators, MAR:32

Surgical areas to face shortages of
 14% to 42%, NOV:130

Surgeons/Office-Based Surgery

Analysis examines surgery in
 physician offices, OCT:119

Joint Commission revisits marking
 of surgical site, JUL:SDS
Accreditation Update Sup 4

Malpractice crisis: Some surgeons
 walk off the job, MAR:28

Media report surgeon horror sto-
 ries: Would you facility creden-
 tial them? SEP:97

Protocol established for wrong-
 site surgery, SEP:107

Surgical areas to face shortages of
 14% to 42%, NOV:130

Time-out is the key to correct
 surgical site ID, JUL:SDS
Accreditation Update Sup 3

Want content surgeons? Try effi-
 ciency benchmarks, AUG:89

What can be done to boost surgery
 safety in offices? NOV:126

Technology (Also see Equipment/Supplies and Laparoscopy/Colonoscopy/ Bronchoscopy/Endoscopy)

Place anesthetic in wound during
 recovery to cut pain, DEC:135
